

EQUIPMENT PRODUCT INFORMATION

BL190 TAPED BAG LOADER

FAST MANUAL LOADING FOR
CONSISTENT PERFORMANCE

DESCRIPTION

The CRYOVAC[®] brand BL190 Taped Bag Loader is a reliable solution designed to help food processors increase throughput while reducing labor demands. Built for fast, consistent manual loading, it supports hygienic operation while helping minimize downtime and simplify changeovers. With a compact design that integrates seamlessly into existing packaging lines, the BL190 is ideal for smoked and processed meats, cheese, and poultry. When paired with CRYOVAC[®] brand shrink bags, it helps protect product freshness and delivers a clean, consistent package that supports both product quality and brand presentation.

KEY BENEFITS

OPERATIONAL EFFICIENCY

- Reduce labor demands with a streamlined manual bag-loading process
- Minimize downtime through quick, simple reloading and changeovers
- Handle multiple bag formats and sizes including both side- and end-sealed taped bags
- Increase line layout flexibility with right- and left-hand configuration options
- Simplify cleaning with a hygienic stainless steel design

PRODUCT INTEGRITY

- Lower contamination risk and support food safety by reducing direct product handling during loading
- Ensure reliable seals and consistent packaging performance by offering product instertion without seal contamination
- Preserve product quality and freshness when paired with CRYOVAC[®] brand shrink bags

BRAND EXPERIENCE

- Deliver consistent, high-quality product that supports your brand reputation with reliable, repeatable loading performance

TECHNICAL DATA
