

Driving Value in Foodservice

We Are CRYOVAC[®] and Liquibox[®]

For many years, we have empowered the food industry through **trusted packaging and dispensing system that makes operations more productive and efficient.**

Solutions from both brands blend **material science, durable and reliable equipment, technical expertise, and end-to-end service** to create unparalleled packaging quality for food processors, retailers, and foodservice operators.

WHY DOES FOODSERVICE NEED NEW SOLUTIONS?

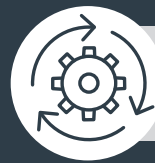

Sustainability trends push you for plastic reduction (from rigid to flexible packaging) and towards recycle-ready solutions

Foodservice applications and innovations are needed to improve operational efficiency

Focus on hygiene and generating less food waste

The Difference Our Partnership Makes

The CRYOVAC[®] and Liquibox[®] teams partner with foodservice companies to transform kitchen operations with packaging and dispensing solutions that:

BOOST BACK-OF-HOUSE EFFICIENCY

ACCELERATE THROUGHPUT AND SPEED OF SERVICE

OPTIMIZE AND REDUCE LABOUR

IMPROVE PRODUCT YIELD

ENHANCE FOOD INTEGRITY

REDUCE FOOD SAFETY RISKS

MINIMIZE FOOD AND PACKAGING WASTE

Creating Value in Foodservice

Innovative Packaging for a Smarter Kitchen

At CRYOVAC® and Liquibox®, we understand the challenges foodservice operators and quick-service restaurants face every day. That's why we have developed intelligent packaging and dispensing solutions to help you streamline operations, reduce waste, and elevate food safety standards. With decades of industry expertise, we are not just your supplier – we are your partner in building a more efficient and sustainable kitchen.

Efficiency That Drives Results

BOOST BACK-OF-HOUSE OPERATIONS

Optimize your kitchen workflow with CRYOVAC® flexible packaging, designed for maximum efficiency. Compared to rigid containers, our packaging can **reduce storage space requirements by up to 40%**. Smart options like FlexPrep™ portion-control pouches eliminate guesswork, making prep easier and faster for your team.

REDUCE FOOD WASTE WITH HIGH-YIELD PACKAGING

Switch to solutions that help you serve more and waste less. Our vertical pouch designs **deliver 98% product yield**, so you get every last drop. **Less wasted food means significant savings**; not to mention a smaller environmental footprint.

SIMPLIFY STORAGE AND DISPENSING

Liquibox® bag-in-box solutions and dispensers make airtight storage and precise portioning effortless. From juices to dairy products, our ergonomic designs **reduce spills, preserve freshness, and reduce labour** so your team spends less time managing inventory and more time serving customers.

Designing a More Sustainable Future

Your customers care about sustainability, and so do we. CRYOVAC® and Liquibox® flexible packaging uses less material than traditional rigid containers, helping you lower your plastic footprint without compromising quality or functionality. Together, we can meet the growing demand for sustainable solutions while keeping your kitchen running smoothly.

HIGHLIGHTS OF OUR SUSTAINABLE SOLUTIONS:

- Reduced packaging waste without sacrificing durability
