

EQUIPMENT PRODUCT INFORMATION

AUTOPRINT 120 OFFLINE PRINT-ON-DEMAND PRINTER

IMPROVE WORKFLOW WITH FAST,
ACCURATE, SINGLE-COLOR PRINTING

DESCRIPTION

The AutoPrint 120 offline print-on-demand printer brings new efficiency to bag printing by moving labeling operations off the production floor and delivering fast, accurate, single-color printing for a wide variety of products. Designed to support multiple lines at once, the system includes four washdown-safe bag dispensers that feed printed bags directly to operators, saving time, labor, and space. With intuitive digital label selection and compatibility with CRYOVAC® brand print-on-demand shrink bags, the AutoPrint 120 gives processors the flexibility to print exactly what they need when they need it while improving workflow, inventory control, and overall labeling efficiency.

KEY BENEFITS

OPERATIONAL EFFICIENCY

- Support multiple production lines with one system designed to handle a wide range of products and workflows
- Increase throughput and reduce bottlenecks with high printing speeds
- Improve flexibility across bag formats thanks to compatibility with CRYOVAC® brand Print-On-Demand shrink bags
- Simplify startup and reduce operator fatigue with an ergonomic design built for quick, intuitive use
- Speed up changeovers between print runs through an easy, efficient color ribbon replacement process
- Reduce manual labor with direct-to-bag digital printing, eliminating the need for applied labels
- Lower inventory and free up warehouse space by printing only the bags you need, on demand

PRODUCT INTEGRITY

- Ensure clear, consistent, high-quality prints with precise placement for export codes, date codes and product identification
- Reduce labeling errors by selecting digital labels directly from the system's intuitive interface
- Support regulatory and product-traceability needs with accurate, reliable printing on every bag

BRAND EXPERIENCE

- Enhance your product presentation with clean, professional-looking prints that reinforce brand quality
- Support brand consistency across multiple lines with centralized printing that ensures uniform output
- Deliver a premium package by eliminating crooked, misapplied, or inconsistent adhesive labels

TECHNICAL DATA

MACHINE DIMENSIONS

Length	51" (1295 mm)
Width	50" (1270 mm)
Height	77" (1955 mm)

WEIGHT

Weight	1359 lbs (612 kg)
--------	-------------------

BAG DETAILS

Length	16" - 30" (406 mm - 762 mm)
Width	8" - 18" (203 mm - 475 mm)
Bag Type	CRYOVAC® brand Print-On-Demand roll-serrated shrink bags

SPEED

Variable Speed	40 to 75 PPM depending on bag length (100 FPM line speed)
----------------	---

UTILITIES

Air	90 psi, 2 SCFM, 1/4" dia. line
Electrical	200 - 240 VAC, 1 PH 50/60 Hz, FLA 8A
