

EQUIPMENT PRODUCT INFORMATION

BL189 TAPED BAG LOADER COMPACT MANUAL BAG LOADING MADE EASY

DESCRIPTION

The CRYOVAC[®] brand BL189 Taped Bag Loader is a simple, dependable solution designed to help food processors reduce labor demands and keep production moving. Built for easy manual loading, it supports hygienic operation while minimizing downtime and floor space requirements. With a compact design that integrates seamlessly into existing packaging lines, the BL189 is ideal for smoked and processed meats, cheese and poultry. When paired with CRYOVAC[®] brand shrink bags, it helps protect product freshness and delivers a clean, consistent package that supports both product quality and brand presentation.

KEY BENEFITS

OPERATIONAL EFFICIENCY

- Reduce labor demands with a streamlined manual bag-loading process
- Minimize downtime through quick, simple reloading and changeovers
- Save valuable floor space with a compact equipment footprint
- Increase line layout flexibility with right- and left-hand configuration options
- Simplify cleaning with a hygienic stainless steel design

PRODUCT INTEGRITY

- Lower contamination risk and support food safety by reducing direct product handling during loading
- Ensure reliable seals and consistent packaging performance by offering product insertion without seal contamination
- Preserve product quality and freshness when paired with CRYOVAC[®] brand shrink bags

BRAND EXPERIENCE

- Deliver consistent, high-quality product that supports your brand reputation with reliable, repeatable loading performance
